Re: Change in Water Right Ownership: 36-7607 (Split into 36-7607 and 36-17225, 36-17226, 36-17227, 36-17228, and 36-17229)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

The following split number correspond to the water right portions identified in the deeds and matching maps: 36-17225 is Water Right A; 36-17226 is Water Right B; 36-17227 is Water Right C; 36-17228 is Water Right D; and 36-17229 is Water Right E.

Per the recently updated ownership change processing guidance, if a change in ownership resulting in a division of a water right into two or more parts is submitted as a package, the Department charges a single split fee. Therefore, I will initiate a refund of the extra \$400.00 to Brockway Engineering.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9909.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Bitzenburg", with a long horizontal flourish extending to the right.
