Re: Change in Water Right Ownership: 11-72 (Split into 11-72 and 11-7929),

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 497-3787.

Sincerely,

Jonie Barg

Dear Jonie,

My parents, Russell & Barbara Fjeldsted own a .81 acre parcel, (AIN number 01700.00), at 420 S. Main Paris, Idaho. Paris Creek runs across the property. We are trying to establish ownership of water rights for this property. In previous conversations with IDWR, I've been told we must apply and show by chain of title the claim. I have enclosed the Notice of Change in Water Right Ownership, with the \$100 filing fee and the deed copies, which we believe show a chain from the current owners, Russell & Barbara Fjeldsted back to Rich Estate (water right number 11-72) the current owner of the water rights.

Let me know if you have questions or need further information.

Thank you,

David R Fjeldsted
