PROOF DEFICIENCY LETTER

RE: Permit No. 94-9508

Dear Permit Holders:

The Department received the proof of beneficial use (proof) form submitted for the above referenced permit. The proof is not acceptable without the correct fee.

This permit authorizes a diversion rate of 0.04 cfs (cubic feet per second) of surface water requiring a license examination fee of \$50.00.

During review of your proof statement and the permit listed above, I noticed that you stated a beneficial use other than the beneficial use allowed under this permit. You stated on your proof that you are irrigating 1.5 acres, however, this permit authorizes a beneficial use of domestic use only. Diversion of water under this permit is limited to the authorized beneficial use. I have enclosed a copy of your proof statement and this permit for your reference. You may apply for another permit to cover additional water use if needed. Application for Permit forms are available from any Department office or at the Department's website at www.idwr.idaho.gov.

Please submit the required fees as soon as possible as this permit has lapsed. If you have any questions concerning this matter, please contact me at (208) 287-4920 or debby.judd@idwr.idaho.gov.

Sincerely,

Debby Judd
Technical Records Specialist
