RE: Change in Ownership Water Right Nos: 74-445 and 74-596

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

 x Evidence of Water Right Ownership: copy of Deed, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

Water right 74-445 was decreed to M Mae Miller in 2008 and water right 74-596 was decreed to John B and Katherine A Tracy in 2007. The deed you submitted was executed in 1996 which predates the decrees. There were no competing claims or objections filed with the SRBA for either water right. Deeds or chain of title from the original water right owners must be submitted in order to change ownership of the rights.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 287-4920 or debbi.judd@idwr.idaho.gov.

Sincerely,

Debbi Judd
