Gerald,

I have attached the original map for your reference on why I called to make corrections. The last two attachments are a corrected application for permit and map for your review. The parcel information I had showed a mailing address of PO BOX 288, so I made that correction as we are looking for the mailing address. I corrected the point of diversion to be near the dock as that is the usual location of most pumps from the lakes. I corrected the season of use for domestic to be a year-round use which is our standard. I also identified both parcels you own as the place of use. Your original application identified 4 homes, so I increased the diversion rate to our standard for 4 homes.

If everything looks correct, please print, sign, and return to the address below or scanned as a pdf to the following email address, file@idwr.idaho.gov. Once we receive the signed corrected application for permit, we can proceed onto advertising. If you have any questions, feel free to call or email me.

Thanks,
Adam
