EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

From: Laura McSherry
Re: Combined Use Limit Calculations for Water Right No(s): 57-280, 57-2247, 57-2065

The purpose of this transfer is intended to correctly identify the 86 acres being irrigated under the water rights included on this transfer and create a PPU to match current irrigation practices. Three of the five water rights included in the transfer partially overlap. Conditions on combined use limits are necessary to avoid enlargement and are calculated as follows:

Water right no. 57-2247 = 26 acres total and 0.019 cfs/acre
Water right no. 57-280 = 65 acres total and 0.03 cfs/acre
Water right no. 57-2065 = 21 acres total and 0.02 cfs/acre

For water right no. 57-2247: 10 acres overlap water right no. 57-280

$(26 \text{ acres} + 65 \text{ acres}) - 10 \text{ acre overlap} = \mathbf{81 \text{ acre limit}}$

$(16 \text{ acres} \times 0.019 \text{ cfs}) + (65 \text{ acres} \times 0.03 \text{ cfs}) = 0.304 + 1.95 = \mathbf{2.254 \text{ cfs limit}}$

For water right no. 57-2247: 16 acres overlap water right no. 57-2065

$(26 \text{ acres} + 21 \text{ acres}) - 16 \text{ acre overlap} = \mathbf{31 \text{ acre limit}}$

$(10 \text{ acres} \times 0.019 \text{ cfs}) + (21 \text{ acres} \times 0.02 \text{ cfs}) = 0.19 + 0.42 = \mathbf{0.61 \text{ cfs limit}}$

For all three water rights:

$(26 \text{ acres} + 65 \text{ acres} + 21 \text{ acres}) - (10 \text{ acre overlap} + 16 \text{ acre overlap}) = \mathbf{86 \text{ acre limit}}$

$(65 \text{ acres} \times 0.03 \text{ cfs}) + (21 \text{ acres} \times 0.02 \text{ cfs}) = 1.95 + 0.42 = \mathbf{2.37 \text{ cfs limit}}$

MEMORANDUM

TO: Transfer No. 86306
FROM: Laura McSherry
DATE: July 26, 2022
RE: Evaluation of Application

The transfer proposes to change a portion of the place of use and create a common permissible place of use (PPU) to match current irrigation practices for water right no(s). 57-280, 57-2065, 57-2247, 57-11567, and 57-11568. The portion of the place of use changing is to practice less irrigation in the SENW and NESE and more irrigation in the SENE, all in the Sec 15 T01S, R03W. The permissible place of use acres are approximately 2 miles SW of the Wilson Creek Rd and State Highway 78 intersection in Melba, ID.

Contact person for the transfer is Ero Resources representative, Dave Shaw, at 802 S Plaza Rd, Emmett, ID 83617-9114. dshaw@eroresources.com. (208)-365-7684.

Summary of Information Submitted

Authority to File:

Richard H Brandau and Connie M Brandau are the water right holders and are authorized to submit a transfer request. The property the proposed PPU is appurtenant to, and points of diversion are located on, is owned by the Brandau Family Trust.

Water Right Validity:

The decree for water right no. 57-280 was issued on December 23, 2002. The decree for water right no. 57-11568 was issued on March 12, 2002. The decrees for water right no. 57-2065 and 57-2247 were issued on December 05, 2002. The decree for water right no. 57-11567 was issued on February 12, 2002. The rights are presumed to be valid since beneficial use has occurred within the last five years. Beneficial use confirmed by department aerial imagery, landsat images, google earth images, or other evidence. Evidence of beneficial use does not need to be added to the file, it is an IDWR product available to other staff.

Injury to Other Water Rights:

The proposed permissible place of use is located on the property of existing irrigated lands. No additional rate or volume is proposed to be diverted from the sources and no additional acres are proposed to be irrigated beyond the historical use. No protest was received regarding the transfer, so the Department can reasonably assume surrounding water users do not have concerns of injury as a result of this transfer.

Enlargement of Use:

The transfer proposes no changes in the nature. No additional rate or volume is proposed to be diverted from the sources and no additional acres are proposed to be irrigated beyond the historical use. Combined use limits were calculated and conditioned to applicable water rights to ensure prevention of enlargement. The memo located within the transfer file titled "Combined Use Limit Calculations for Water Right No(s). 57-280, 57-2247, 57-2065", dated July 28, 2022, contains more information regarding this action. No enlargements of the water rights are anticipated.

Local Public Interest:

No evidence has been submitted suggesting the transfer proposes changes at odds with the local public interest.

Beneficial Use/Conservation of Water Resources:

The application proposes beneficial use consistent with conservation of water resources in Idaho.

Discussion

Water right no(s). 57-11567 and 57-11568 are supplemental rights historically used in early irrigation season and subject to Reynold's Creek high flows.

The legal description for the surface water PODs included in water right no. 57-11568 was clarified to not include Government Lot 3. After review, the claim for the right never mentioned a government lot, and more importantly, the BLM GLO site shows there has never been a Lot 3 in that section. The PODs have remained in the same location.

The application is consistent with criteria of I. C. § 42-222 and should be processed.

Grand View could get new mayor tonight

An interim mayor could be appointed for Grand View at today's city council meeting.

The council holds its monthly meeting at 6 p.m., inside City Hall, 425 Boise Ave.

City Clerk and Treasurer Kathy Brown confirmed in an email that the council will take the formal step in the wake of Mayor Danny Martinez's

resignation.

"At the next council meeting, the council will appoint an interim mayor and then decide how to proceed from there," Brown wrote.

Council president Jon Pennington has presided as acting mayor at the past three council meetings. He will more than likely open tonight's

meeting as chairman, too.

Martinez tendered his resignation on June 8. He stepped down nearly three years into his first term because he moved out of the city limits and is no longer eligible to serve.

Whoever is appointed tonight would serve the remainder of the four-year term and would

have to run for election in November 2023 to another term in office.

The council will also hold a public hearing today regarding a proposed change in water and sewer hook-up fees.

The current fee schedule requires \$1,000 apiece for each new sewer and water hook-up. The proposal is to double the

hook-up fee to \$2,000 each.

At 5:45 p.m., today, the council will convene a public hearing regarding Idaho Community Block Grant activities for the Grand View Community Club building in the old St. Henry's Catholic Church.

The city is administering a grant for the community club to finance upgrades to the church building, including HVAC work.
