RE: Withdrawal of Protest against Transfer No(s). 85517

Dear Protestant(s):

The Department of Water Resources acknowledges receipt of your withdrawal of protests against the above referenced application.

The application does not have any remaining protests; therefore, the department will take the steps necessary to bring the application to a final resolution.

Please contact this office if you have any questions regarding this procedure. Information about water rights and other matters administered by this agency is also available on the Internet at www.idwr.idaho.gov.

Sincerely,

Nick Miller
Regional Manager

WITHDRAWAL OF PROTEST

Application for ☒ Transfer ☐ Permit ☐ Amendment of Permit No. 85517

In the Name of Sharon Bruno
Applicant

Name of Protestant: Shelley Acres

Represented by: Geoff Neyman

I hereby withdraw my protest to the above referenced matter. All of my issues of protest have been addressed and/or resolved.

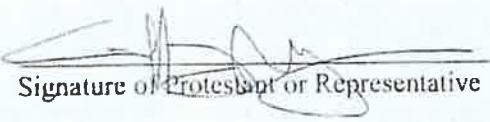

☐ My withdrawal is not conditional.

Or

☒ My withdrawal is conditioned on the following:

Our major concern is any downstream dependence on the water supplied by our pumps but Albert Barker confirmed to us that we retain all rights to the waste water and can recapture, divert or eliminate the waste water as needed without any recourse from those downstream.

We do want the applicant to be aware that our pumping system is in need of repairs and updates and if Shelley Acres elects to change to a single pump system then the wastewater would be eliminated. This is a costly change so we are still deliberating the best use of funds, especially while the existing system is still functional.

WITHDRAWAL OF PROTEST

Application for ☒ Transfer ☐ Permit ☐ Amendment of Permit No. 85571

In the Name of Sharon Bruno Applicant

Name of Protestant: Paul Gilbert

Represented by: _____

I hereby withdraw my protest to the above referenced matter. All of my issues of protest have been addressed and/or resolved.

☐ My withdrawal is not conditional.

Or

☒ My withdrawal is conditioned on the following:

That the Application for Water Right - Points of Diversion be "Amended" with a letter from the Applicant stating that PAR 5 be corrected to show the WASTE WATER USE is "NEW". And with this the letter be preserved along with the Application in the IDWR database.
