RE: Updated Water Right Reports

Dear Water Right Owners:

On June 21, 2022, the Department of Water Resources (Department) received an ownership change from Ross Point Water District (Ross Point) to split water right 95-2141. The Department split a portion of the water right into water right 95-18323, in the name of Ross Point. Water right 95-2141 remained in the name of City of Post Falls. The deed conveying a portion of water right 95-2141 to Ross Point only conveyed rate and volume, no acres were conveyed.

On July 7, 2022, the Department sent a letter notifying the parties that a combined condition would be added. This was an error. The condition added should have been an acre limit condition limiting the number of acres in the proposed place of use (PPU) for each water right.

The Department modified its records to reflect that acre limit condition. Enclosed is a computer-generated report showing the correction for your records.

Please contact me at (208) 287-4942 if you have any questions concerning the enclosed information or this letter.

Sincerely,

Jean Hersley
Technical Records Specialist II
