RE: Water right Application for Transfer, No. 86045

Dear Mr. Mossler,

Bradley and Cathy Hoggan ("applicants") have filed a water right Application for Transfer with the Department of Water Resources on right 29-7190. The transfer proposes to move 24 acres of the water right to a new place of use. A copy of the application is enclosed for your reference.

Of those 24 acres proposed for transfer, roughly 10 are on land that Bannock County taxlot data indicates are owned by you. The land in question is in Township 11 South, Range 36 East, Section 21, NESW.

The applicants assert ownership of the water right on your property. The water right was decreed to J Kelly Fry on March 17, 2004. The applicants have provided a deed from Kelly Fry to them, dated July 19, 2019. It specifically includes all of water right 29-7190. A copy of the decree and warranty deed are also enclosed in this packet.

It therefore appears that the applicants own the water right and have the authority to move it as proposed in the transfer application. However, before the water rights are removed from your property, it is important that you have an opportunity to provide documents that might demonstrate your ownership of the water right. Such a document might be a deed from Kelly Fry to you for the land reference above, dated between March 17, 2004, and July 19, 2019. However, I will review any document that you offer.

If you would like to speak with me by telephone about this application, you are welcome to call me at 208-497-3780. If I do not hear from you by July 1, 2022, I will assume that you assert no ownership in the water right and will proceed with processing the transfer.

Sincerely,

Cooper Fritz
