Subject: RE: WSB Lease Contract for 37-22248 & 37-23017

No problems from me.

Should the narratives on both of the Excel memos read "Irrigation has been sporadic but there has not been 5 years of non use since the PD." instead?

Narrative: The Department received this application on February 14, 2022. The applicant wishes to place the entire right in the Bank. This right was decreed in 2010. It was placed in the Bank in 2017 & 2020. Irrigation has been sporadic but there has been 5 years of non use since the PD. If the water is not going to be used, it needs to be placed in the Bank. The mitigation portion of this right will be un-rentable. The mitigation amount is to remain undiverted in the Big Wood River to prevent injury to other water right holders. There are no water rights that overlap this right. 37-22249, 37-23017 and 37-23149 are also diverted from the POD and the rate of how much can be diverted is limited. This right is currently within WD 37.

Narrative: The Department received this application on February 14, 2022. The applicant wishes to place the entire right in the Bank. This right was decreed in 2010. It was placed in the Bank in 2017 & 2020. Irrigation has been sporadic but there has been 5 years of non use since the PD. If the water is not going to be used, it needs to be placed in the Bank. The mitigation portion of this right will be unrentable. The mitigation amount is to remain undiverted in the Big Wood River to prevent injury to other water right holders. There are no water rights that overlap this right. 37-22249, 37-23017 and 37-23149 are also diverted from the POD and the rate of how much can be diverted is limited. This right is currently within WD 37.
