STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR PERMIT
To appropriate the public waters of the State of Idaho

Ident. No. 96-11702

1. Name of applicant(s) Thomas Thacker, Trustee, Leonard K. Thacker Living Trust Phone 208-602-3202
Name connector (check one): ☐ and ☐ or ☐ and/or
Mailing address 2611 COLBURN CULVER RD City SANDPOINT
State ID _____ ZIP 83864 Email Raisedbygorillas51@yahoo.com
2. Name of representative, if any Dylan Lawrence Phone 208-345-6021
Mailing address 242 N 8th Street, Ste. 220 City Boise
State ID _____ ZIP 83702 Email dylan@varinthomas.com
- a. ☐ Send all correspondence for this application to the representative and not to the applicant OR
☒ Send original correspondence to the applicant and copies to the representative.
- b. ☒ The representative may submit information for the applicant but is not authorized to sign for the applicant OR
☐ The representative is authorized to sign for the applicant. Attach a Power of Attorney or other documentation.
3. Source of water supply GROUND WATER which is a tributary of _____

4. Location of point(s) of diversion:

Twp	Rge	Sec	Govt Lot	1/4	1/4	1/4	County	Source	Local name or tag #
58N	01W	4			SW	NW	BONNER	GROUNDWATER	NORTH POND
58N	01W	4			SW	NW	BONNER	GROUNDWATER	SOUTH POND

5. Water will be used for the following purposes:

Amount 12.5 AF for AESTHETIC STORAGE purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)

Amount 12.5 AF for RECREATION STORAGE purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)

Amount 12.5 AF for WILDLIFE STORAGE purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per year)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per year)

6. Total quantity to be appropriated is (a) _____ cubic feet per second (cfs) and/or (b) 12.5 acre-feet per year (af).

7. Proposed diverting works:

- a. Describe type and size of devices used to divert water from the source. TWO PONDS CAPTURE SHALLOW GROUNDWATER
- b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 12. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate [Application for Construction or Enlargement of a New or Existing Dam](#). Application required? ☐ Yes ☐ No
- c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
- d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
- e. If well is already drilled, when? _____; drilling firm _____;
well was drilled for (well owner) _____; Drilling Permit No. _____.

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
Fee \$ 100.00 Receipted by _____ Receipt No. N039718 Date _____

8. Description of proposed uses (if irrigation only, go to item 9):
- Hydropower; show total feet of head and proposed capacity in kW. _____
 - Stockwatering; list number and kind of livestock. _____
 - Municipal; must complete and attach the Municipal Water Right Application Checklist.
 - Domestic; show number of households _____
 - Other; describe fully. Aesthetic use is self-explanatory; recreation use includes swimming and boating; wildlife use includes fishing
9. Description of place of use:
- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
 - If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
58N	1W	4							ARW										

Total number of acres to be irrigated: _____

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? _____
11. a. Who owns the property at the point of diversion? Applicant
- b. Who owns the land to be irrigated or place of use? Applicant
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____
12. Describe your proposal in narrative form and provide additional explanation for any of the items above. Attach additional pages if necessary. The depressions that created these ponds were dug in the 1990s. Both ponds fill naturally with shallow groundwater. Applicant understands that because water rights were not obtained at the time the ponds were created and they were created after the application/permit/license process became mandatory, it must file a permit application to authorize them.
13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).
14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Total Storage Calculations (North Pond)

FILE NUMBER	THACKER	This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.	User Input
REVIEWER	AFREDERICK		Calculated value
DATE	6/2/2022		Formula Explanations
Print Page to PDF			
Surface Area (AC.)	0.9	"Surface Area" is automatically carried over from the "Seepage Loss" sheet.	
Average Pond Depth (FT.)	5	"Average Pond Depth" depicts the actual depth of the pond either measured or estimated. Note: If you know the maximum depth and not the average depth, the Field Examiner's Handbook suggests multiplying the maximum depth by 0.4 to get the average depth, or you can use any method that seems reasonable to attain average depth.	
Pond Capacity (AF)	4.5	Pond Capacity is calculated by multiplying the Pond Surface Area by the Average Pond Depth. If you know the capacity, divide the capacity by surface area and enter the average pond depth in the space above. Note: If pond capacity is determined using a method shown on the "Pond Capacity" sheet, the user may need to modify the value of "Pond Capacity" (cell B9) manually. Note that if the value is modified manually, the formula will be altered for future use.	
Multiple Fill Volume Above Initial Fill to Fulfill From Storage Needs- "Multiple Fills" (AF)	0	The "Multiple Fill Volume Above Initial Fill" is the acre-feet of water required to meet a <i>from storage</i> component if the <i>from storage</i> component exceeds a one time fill. This section should not include the amount of water needed to fill the pond initially or the amount of water needed to maintain the pond level due to evaporation or seepage. For example: if a pond has a capacity of 5 acre feet and 2.5 acre feet of seepage and evaporation, but the pond is used for irrigation that requires 10 acre feet of from storage for the irrigation use, then you would insert 5 acre feet into this location (10 acre feet needed - 5 acre feet from the initial fill = 5 acre feet of additional storage needed). Note: You must have a "From Storage" component exceeding the initial fill on the permit to include a volume in this space.	
Estimated Seepage Loss (AF)	2.3	The "Estimated Seepage Loss" is automatically carried over from the "Seepage Loss" sheet.	
Estimated Evaporation Loss (AF)	1.2	The "Estimated Evaporation Loss" is automatically carried over from the "Evaporation Loss" sheet.	
Total Volume Required (AF)	8.0	The "Total Volume Required" is calculated by adding the Pond Capacity, Multiple Fills, Seepage Loss, and Evaporation Loss amounts to determine the total amount of storage required.	

Total Storage Calculations (South Pond)

FILE NUMBER	THACKER	This spreadsheet has been designed by Idaho Department of Water Resources to estimate the total seepage, evaporation and fill capacity required for a pond.	User Input

ORIGINAL

LEONARD K. THACKER LIVING TRUST

This declaration of trust is made as of March 23, 2004, by Leonard K. Thacker, an unmarried man, of 2611 Colburn-Culver Road, Sandpoint, ID 83864, who will be referred to below in the applicable capacity, that is, as "Trustee" in his fiduciary capacity accepting responsibilities, and as "Leonard" in his capacity as the party granting and retaining rights in the assets to be held in this trust.

Although Leonard is not married, he currently resides with Shirley Nelsen ("Shirley").

Grantor has one child from a prior marriage, namely, Laurie K. Thacker ("Laurie"), and grantor believes that Laurie has a son, who is named Hunter ("Hunter").

The name of this trust is the "Leonard K. Thacker Living Trust".

1. TRUST PROPERTY. Leonard hereby declares that he holds all of his assets, specifically including the property listed in Exhibit A set forth below, in trust, and that all of these assets and any other property received by the Trustee hereunder (collectively "Trust Estate") shall be held, managed and distributed according to the terms of this instrument.

2. PROVISIONS DURING LEONARD'S LIFETIME. (a) All of the income of this trust shall be paid to or for Leonard's benefit, throughout the remainder of his life. The Trustee or his successor shall also pay to or for Leonard's benefit as much of the Trust Estate as is required for Leonard's maintenance, health and support.

(b) If Leonard's health or incapacity requires that he reside away from his residence at 2611 Colburn-Culver Road (e.g., in a long-term care or other similar facility) and, when he is re-located, Shirley is then residing with him in the Colburn-Culver residence, Shirley is to be permitted to continue her residence there, rent free, as follows:

Trust income and Leonard's income from other sources (e.g., Social Security and IRA mandatory minimum distributions) are to be applied first to

Leonard's ongoing care and other living expenses. After a reserve equal to Leonard's projected expenses for one month is sequestered by the Trustee, any monthly income in excess of Leonard's monthly expenses is to be applied to all or any of the expenses of the residence and Shirley shall pay all of the remaining residential expenses.

(c) If Shirley is not residing with Leonard in the Colburn-Culver residence when Leonard is re-located, the Trustee is free to sell or hold the residence, as he deems appropriate.

3. AFTER LEONARD'S DEATH. After Leonard's death, the successor trustee shall pay or provide for all of the Leonard's debts and, thereafter, shall proceed as follows:

(a) In the event Leonard has made a separate written list that disposes of some or all of his tangible personal property, the successor trustee shall honor that list, and shall pay all reasonable and necessary packaging and shipping costs;

(b) If, at the time of Leonard's death, Shirley is then residing in Leonard's Colburn-Culver residence, the successor trustee shall permit Shirley to continue her residence there, rent-free, provided that Shirley shall pay all expenses of the residence (including taxes, insurance and utilities, but excepting repairs, which will continue to be paid out of the Truste Estate), until Shirley notifies the successor trustee that he may sell the residence.

(c) The residential possessory right granted to Shirley in subparagraph 2(b) and 3(b) above is for Shirley's sole benefit, and there are conditions to and restrictions on its enjoyment. Both the right to possession and the right to share in proceeds granted in subparagraph 3(d) below will terminate if, prior to closing of the successor trustee's sale of the residence, (i) Shirley is absent from the residence (including her death) for sixty consecutive days, or (ii) a person other than Shirley lives in the residence for more than thirty consecutive days. As a condition to her benefitting from the possessory right so granted, Shirley must agree in writing to notify the successor trustee

immediately upon the occurrence of either of these prohibitions. The successor trustee shall be free to sell the residence if Shirley's rights are terminated under this subparagraph.

(d) If Shirley has fulfilled her obligations set forth in either (or both) subparagraph 2(b) or subparagraph 3(b), upon the sale of the residence, Shirley is to be given one-half of the net proceeds in excess of the first \$200,000 thereof. The remainder of the net proceeds (or all of the net proceeds if neither subparagraph applies or if Shirley has not met her obligations as set forth herein) shall be added to the balance held under subparagraph 3(e) below.

(e) The entire remainder of the Trust Estate shall be held for the college education of Laurie's natural children. The successor trustee shall notify each of Laurie's children of this fund as each begins high school and shall encourage each to take advantage of this opportunity. For each of Laurie's natural children, the successor trustee shall pay tuition, room and board and other reasonable expenses, on a semester-by-semester basis on proof of reasonable progress toward a degree from an accredited 4-year college. Payments shall cease once a child reaches his or her 26th birthday. Once the last of Laurie's natural children reaches age 26, the entire remaining trust estate shall be distributed equally among those of Laurie's natural children who have attained a degree from an accredited 4-year college, provided however, if no such child has attained such a degree, the entire remaining trust estate shall instead be distributed to Thomas Andrew Thacker, by representation.

4. SUCCESSOR TRUSTEE. (a) If for any reason (including incapacity) the Trustee is or becomes unable or unwilling to act or continue to act as trustee, Leonard's nephew, Thomas Andrew Thacker, of 9511 NW 11th Ave., Vancouver, WA 98665 (Tel: 360/750-7210), shall become the successor trustee. Thomas shall have the right to appoint his successor.

(b) Leonard has named Tom Thacker as beneficiary of his IRA in hopes that this amount will suffice for the normal services as successor trustee, although Leonard is mindful that he cannot bind Tom in this regard.

(c) If a trustee's attending physician certifies in writing that he is suffering or is likely to suffer substantial harm due to an inability to manage property or his personal affairs, the next successor trustee shall automatically and without further action be empowered to act as trustee.

5. TRUSTEE POWERS. Where not superceded by the language of this instrument, this trust shall have its situs in and be governed by the laws of Idaho, including Title 68 of the Idaho Code. Without limitation, each trustee hereof shall have the powers set forth in Idaho Code Section 68-106.

6. POWER TO AMEND AND/OR REVOKE. While Leonard is living, he may amend or revoke this trust in whole or in part.

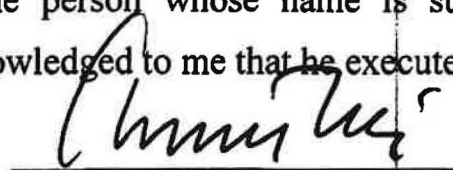

In witness whereof, Leonard has executed this declaration of trust as of the day and year first above written.

Leonard K. Thacker

STATE OF IDAHO)

County of Bonner) ss

On March 23, 2004 before me, the undersigned notary public for Idaho, personally appeared Leonard K. Thacker, known to me to be the person whose name is subscribed to the within instrument and acknowledged to me that he executed the same.

Subject: Request for Comments for WR#96-11702
Attachments: 96-11702 Application for Permit.pdf

Dear Interested Agencies:

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced Water Right Permit application. You can find copies of the application at: <http://www.idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>.

This office can publish notice of the application as soon as the initial review is completed; therefore, your prompt response to this request is appreciated. If your agency desires to formally protest the approval of the application(s), you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication. **The deadline for comments on the applications is August 8, 2022.**

Please contact the Northern Region Office at (208) 762-2800 if you have any questions regarding the Permit application.

Thank you,

Tammy

RE: Application for Permit No. 96-11702

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNER COUNTY DAILY BEE on 7/21/2022 and 7/28/2022. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Tammy Alleman
Administrative Assistant
