Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. Thank you for your prompt attention to this matter. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9908.

Sincerely,

Denise Maline

Dear Security Interest Holder:

The Department of Water Resources (Department) acknowledges receipt of correspondence adding security interest of the above referenced water right(s) to you. The Department has modified its records to reflect the change in security interest and has enclosed a computer-generated report for you.

Please note, the water rights referenced above are currently in the name of KBC Farms LLC; however the security interest was filed on behalf of Koompin Ag LLC. If an ownership change is needed on these water rights, the current owner(s) will need to complete a Notice of Change in Water Right Ownership form (enclosed) and submit it to the Department with all of the necessary conveyance documents. *Also please note, the filing fees for the ownership change were received from Alliance Title & Escrow LLC in Pocatello, Idaho with the security interest filed in April.* Therefore we only need the signed ownership change form and conveyance documents.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Security Interest, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please provide the necessary information within (30) days of this letter. If the information is not received within (30) days, the filing fees will be refunded to Alliance Title & Escrow LLC in Pocatello, Idaho.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9908.

Sincerely,
