- Who owns the land to be irrigated or place of use? Applicant
- Who owns the land at the point of diversion? Applicant

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary.

This water system was developed when we bought the property 30 years ago. We were under the impression that the water rights were part of the purchase of the property. We have been using the water system for the past 29 years, and only recently discovered that we needed to file for the water rights as the ones filed by the previous owners were on other parts of the property they sold in parcels or moved. We will continue to use the water as we have in the past, as stock water.

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum is 1 year).

RE: Application for Permit No. 65-24127 & 65-24138

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the MESSENGER INDEX on 7/6/2022 and 7/13/2022. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Jean Hersley
Technical Records Specialist

Watermaster:

The Idaho Department of Water Resources (IDWR) is seeking written comment and/or recommendations from you regarding the above referenced water right application. You can find a copy of the application at: <https://idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>. Please review the application, then complete the enclosed recommendation form and return it to this office by July 25, 2022.

If the application is approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the watermaster, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to this application should be specifically addressed in your recommendation.

IDWR can finish reviewing an unprotested application as soon as the protest period has past. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation by July 25, 2022, IDWR will presume that you do not oppose approval of the application and that you have no comments for IDWR to consider.

Please contact the Western Region office at (208) 334-2190 if you have any questions regarding the application.
