8. The applicants agree to hold the director and the state of Idaho harmless from all liability on account of the diversion and use of water under this temporary change approval.
9. This temporary change does not grant any right-of-way or easement to use the diversion works or conveyance works of another person or entity.
10. The Watermaster of Water District No. 34 is authorized to administer the temporary change approval.
11. This temporary change approval expires on November 1, 2022 unless rescinded or extended by the director. Thereafter, the water rights shall revert to the point of diversion, place of use, and nature of use existing prior to the temporary change approval.

The BLRID does not oppose TC- 210, 215, 214, 219.

Thanks

Lucas,

Attached is amended temporary change application TC-34-210. It's similar to the original (just some minor changes to diversion rate and place of use). I've already got the watermaster comment for this one, but like the others listed below, I don't have BLRID consent yet.

I'm copying James Cefalo on this because I plan to be out of the office on Monday and Tuesday. Please reply to both of us if you send BLRID comment on Monday or Tuesday. Thanks.

Lucas,

Thanks for the watermaster comments you sent over. Not trying to bug you, but noticed that I did not receive your WM comment on TC-34-215. Not sure if that was intentional. I think I will also need BLRID consent on 214, 215, and 219. Thanks for tackling these today.
