Subject: Temporary Transfer for water right 36-8447

Dear Mr. and Ms. Pierson,

I am reviewing the temporary transfer you filed on water right 36-8447. We have given this file the temporary transfer number TC-36-02. I attempted to contact you by telephone, but I kept receiving a request for a mailbox number. It would not allow me to leave a message. I am hoping this email will reach you.

A temporary transfer allows the water user to move or change the area they plan to irrigate or change the point of diversion or well. I cannot tell from the form you submitted where or how you plan to move the water from your property or to another place of use OR if you are planning to use a different point of diversion or well.

From your application it appears as though you are requesting to use your water right as licensed. If you are planning to use the water right as licensed, then there is no need for a temporary transfer.

Please contact me so we can discuss this temporary transfer and determine what you wish to accomplish. If you do call and I am not available, please leave a number where I can reach you or leave a message.
