Shane,

As we discussed, you indicated that you wanted to remove the Vanous Ditch as a point of diversion, since it's not being used. Attached is a revised amended page 3 with the Vanous removed. Let me know if this version works for you.
Thanks.

Michael

Thank you Michael
That looks ok to me.
Shane

Shane,

I'm working on your transfer and am trying to get it done while the driller is still in the area. During my review I noticed that the legal descriptions for 2 of your Big Lost River points of diversion may have been decreed incorrectly in the SRBA. If that's the case and there has been no physical change to the points of diversion, we would not have to advertise the application again.

I think that the 10 acre tract for the Alder Creek point of injection should be removed, and that the Vanous Ditch heading was decreed to the wrong quarter-quarter. Does that sound right to you? I have attached an amended page 3 of the transfer for your review. Let me know if this looks correct to you. If so, I will replace the original page 3 with this amended page 3.

Lucas, could you confirm whether or not the Vanous Ditch heading has changed since the time of the SRBA decree?
Thanks.
