Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 497-3787.

Joni,

The checks have been cashed. Here is the chain of title for Kenneth Munro – and also the other water rights. He needed to order his change of title. I thought he had it. Guess not. Not all were included in the original part and so we have enclosed those for you in case you had questions about where we got the information from. I have included the entire packet.

Thank you so much for your help. The people who will need to receive notification that this has actually been changed over and their address are below. I don't know if you can send me a copy or not, if you can, that would be awesome. I Thank you for your help.

Idaho Water Dept of Water Resources: Re: Norma Lee Living Trust and Southview Family Trust

Joni,

I have enclosed two checks. One from myself (to replace the one you have with the wrong amount of \$325.00) and one from Kenneth O Munro. Can you please shred the check I sent you in October for the \$325.00. Here are the water rights and numbers. I put the ones for Kenneth on 2 pages and the ones for the Norma Lee Living trust on two pages. They are stapled together since the water rights split. If you need anything else. Please let me know. Also please note that Kenneth found more right rights to be included. Thank you so much for all your help.

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. It appears we have all the information/fees to complete 11-347A and 11-351A. However additional fees or evidence of ownership is required for the other water rights.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Additional Filing fee (Split Fee):** Filing fee for a non-split ownership change is \$25.00 per water right, however the fee for a split ownership change is \$100.00 per water right. According to our review 11 of the water rights listed above will require a split. Please review the maps attached to verify a split is required. If you believe a split is not required please supply additional evidence of ownership for the NWNW Section 2, Township 10 South, Range 42 East. If you believe a split is required an additional \$825.00 would be required. The department already received \$325.00, the total filing fee would be \$1150.00. (11 split water rights X \$100 = \$1100) (2 non split water rights X \$25 = \$50.00)

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.
