RE: Change in Ownership Water Right No. 22-7262, 22-12016

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. The department has the required information to process 22-7262.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** According to the information available there are some discrepancies between the property purchased and the place of use of water right 22-12016. According to your application you would receive all of water right 22-12016. However, it appears that is a domestic water right appurtenant to the property, which was sold in Michael Stears on December 11, 2019, instrument number 257919. If you believe this is incorrect, please provide documentation indicating your ownership or that the water rights were withheld for the sale of the property under instrument number 257919. If you do not have any interest in that water right, please inform the department for us to process your application.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
