Please be advised that Idaho Code § 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

Water Permit: 97-8351

Author: Daniel A. Nelson – Analyst 3

Subject: In-house Exam

After review of this file, I discovered that the well associated with this permit is on a commercial type property. I am unaware if the well is used for commercial uses or other separate domestic type of uses other than is discussed in this permit. It might be worthwhile to visit this property to determine the actual water uses from the well and if a water right or adjudication claim should be filed for the property where the well is located. It also may be pertinent to find out if the well can supply all of the water uses diverted out of this well.
