To: Transfer 86039
From: Jared Adamson
Re: Review & Evaluation of Sufficiency of Information

The purpose of this transfer is to rearrange the place of use. The application is in response to Enforcement Case No. E2017-1125.

Authority to File:

The applicant is the current owner of the water right per IDWR record. David Robison, owner of R&M Farms Partnership, is owner of the property at the proposed place of use per Jefferson County tax lot data (4/27/2021). David Robison has signed the application.

Water Right Validity:

The right included in the transfer was decreed in 2002. In review of aerial photography available to the department, there is no clear and convincing evidence showing that forfeiture has occurred. Forfeiture is not an issue.

Injury to Other Water Rights:

Other rights will not be injured by the proposed change. Only a change in the place of use is taking place. The water right is regulated by WD 120 and the watermaster does not oppose the application.

Enlargement of Use:

The approval of this transfer will not result in an enlargement of a water right.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
