EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Transfer No. 84962
FROM: Aaron Olson
DATE: 3/9/2022
RE: Evaluation of Application

This transfer proposes to add two new points of diversion for the included water rights. The new points of diversion consist of two wells recently drilled to replace existing wells that experienced a decrease in production. Rather than permanently abandoning the existing wells the applicant proposes to keep them as backup wells to be used if problems occur in other wells.

The new wells are located approximately 3.25 miles west of Bowmont, Idaho.

Contact person for the applicant is Lori Graves of HDR, Inc. at Lori.Graves@hdrinc.com or 208-872-9519.

Summary of Information Submitted

Authority to File:

IDWR records show the applicant as the current owner of the water rights. The Secretary of State annual report form filed June 5, 2020 lists Mike Siegersma as an authorized signer on behalf of SunRidge Dairy LLC.

Water Right Validity:

The partial decree for water rights nos. 63-2896, 63-3043, 63-3255, 63-33486, 63-31476, 63-33543, 63-33544, 63-33546, and 63-33547 were issued on 8/5/2010. The partial decree for water rights no. 63-33757 was issued on 7/29/2003. License was issued for water right no. 63-3274 on 6/19/2007. The rights are presumed to be valid since beneficial use has occurred within the last five years. Beneficial use confirmed by department aerial imagery, landsat images, google earth images, or other evidence. Evidence of beneficial use does not need to be added to the file it is an IDWR product available to other staff

Injury to Other Water Rights:

Other water rights should not be impacted by the proposed transfer. The quantity of water used for this right will not change as a result. The proposed transfer was advertised and no protests were received. The two new points of diversion to be added by this transfer were originally drilled in 2018 and 2019 to replace existing wells that were to be abandoned. Rather than abandoning the existing wells the applicant will simply keep them as backups if problems occur with the others, no new wells will be drilled as a result of this transfer.

Enlargement of Use:

Enlargement does not appear to be an issue. The proposed changes will not result in an increase of diversion rate or number of acres irrigated.

Local Public Interest:

This application proposes a change consistent with the local public interest.

Beneficial Use/Conservation of Water Resources:

This application proposes beneficial use consistent with conservation of water resources in Idaho.

The application is consistent with criteria of I. C. § 42-222 and should be processed.

Summary

Water Right Overlap

Water rights 63-33561 and 63-33562 share points of diversion and have place of use overlap with portions of all the involved rights. These rights are enlargement rights associated with 63-3274 and 63-3486 respectively.

Discussion

During discussion of the application it was brought to my attention by the representative that two existing points of diversion had shapefile locations stacked on top of each other in T02N R02W Sec 31. These points were updated during processing of this transfer based on information provided of the actual locations.

If approved the following changes should be made to the conditions of all water rights:
-Add condition 186 to restrict the two new wells being added to a combined maximum diversion rate of 5 cfs due to the \$820 fee paid for the transfer.

Assuming protests are not filed and/or other information does not contradict the above analysis, the application can be approved as reflected by the draft approval.

SUN RIDGE DAIRY LLC, 4890 DRY LAKE RD, NAMPA, ID 83686 has filed Application No. 84962 for changes to the following water rights within CANYON County(s): Right No(s). 63-2896, 63-3043, 63-31476, 63-3255, 63-3274, 63-33543, 63-33544, 63-33546, 63-33547, 63-33757, 63-3486; to see a full description of these rights and the proposed transfer, please see <https://research.idwr.idaho.gov/apps/waterrights/querynewtransfers>. The purpose of the transfer is to change a portion of the above rights as follows:

This transfer proposes to add two new points of diversion for the included water rights. The new points of diversion consist of two wells recently drilled to replace existing wells that experienced a decrease in production. Rather than permanently abandoning the existing wells the applicant proposes to keep them as backup wells to be used if problems occur in other wells. The new wells are located approximately 3.25 miles west of Bowmont, Idaho

Permits will be subject to all prior water rights. For additional information concerning the property location, contact Western Region office at (208)334-2190; or for a full description of the right(s), please see <https://idwr.idaho.gov/apps/ExtSearch/WRAApplicationResults/>. Protests may be submitted based on the criteria of Idaho Code § 42-203A and 42-222. Any protest against the proposed change or the approval of this application must be filed with the Director, Department of Water Resources, Western Region, 2735 W AIRPORT WAY, BOISE ID 83705-5082 together with a protest fee of \$25.00 for each application on or before 11/22/2021.
