RE: Application for Transfer 85950 (Monte Henderson)

Hello,

The Idaho Department of Water Resources (IDWR) has identified you as an interested party regarding the above referenced water right application. This letter is meant to notify you of an Application for Transfer recently filed with IDWR involving water right 13-871. The application seeks to update the ownership and rearrange the place of use of this water right.

Department records indicate that this right may be appurtenant to your property. The transfer applicant, Monte Henderson, asserts full ownership of the water right. However, the Department is providing you direct notice of the transfer in order to give you the opportunity to demonstrate your interest in the right. Typically, interest in water rights includes evidence of ownership and active usage (i.e. within the past five years) of the right. But any evidence that you provide will be considered.

If you believe you have an interest in the water right, you should consider filing a Notice of Change in Water Right Ownership with the Department and/or filing a protest to the transfer application. These forms can be found on the Department's website at idwr.idaho.gov.

You can find a complete copy of the application
at: <https://idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx>.

Notice of the application will be published in the Idaho State Journal and the Preston Citizen on March 30 and April 6. IDWR can finish reviewing an unprotested application as soon as the protest period has passed. If you desire to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication. You must also send a copy of the protest to the applicant.

Please contact this office if you have any questions regarding the application.

Sincerely,
