8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Right No. 2-7436 is also diverted through point of diversion described above.
13. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 02.

Subject: 124 Degrees Water Bank Lease/Rental and Transfer Applications

Dear Jean,

Enclosed on behalf of 124 Degrees LLC, are the following:

Water Bank Lease Application for 47 acres of water right 2-4013 appurtenant to an island in the Snake River by Hammett. The right was decreed in 2009 and leased entirely to the bank for 2017, 2018, 2019 and 2020 irrigation seasons. Applicants partially irrigated in 2021 and seek continued protection on 47 water right acres for 2021 and 2022 irrigation seasons.

Water Bank Rental Application for rental of the 47 leased acres described above for irrigation of 47 acres of mainland directly across from the island during the 2022 irrigation season. The new pump station proposed for the mainland is listed as the point of diversion on amended permit 2-10516 that is pending final approval from Western Region. The pump station is currently being constructed by King Hill Irrigation District, who will share the pump platform. KHID anticipates completion of the platform by spring, 2022 to allow use during the 2022 irrigation season.

Transfer Application on water right 2-4013 proposing transfer of 47 acres irrigation to the mainland to allow permanent use, and leaving 34 acres continued irrigation on the island.

Check No. 019 is enclosed for the \$250 filing fee required for the lease application and check No. 020 is enclosed for the \$500 filing fee required for the transfer application. The rental fee will be provided upon issuance of the agreement and is to cover administrative costs only. Please let me know if there are any questions. Thanks Jean.

Sincerely,

A handwritten signature in blue ink that reads "Lori Graves".
