I did send a copy of the protest to Pancheri inc.

The basis of my protest is that the transfer, if approved, would harm senior water rights by reducing the flow from natural springs which flow into the Little Lost River, which are the source for those water rights.

Hello Vance,

Thank you for taking the time to discuss your protest with me on the phone earlier today.

I talked with my regional manager about our conversation, and he said that we need to have a written description of what your concerns are. Could I get you to please respond to this email ASAP with a summary of the basis of your protest?

Could I also get a confirmation from you whether you sent a copy of your protest to the applicant, or if you only sent it to us?

Thank You,
