RE: IRRIGATION DISTRICT REQUIREMENT FOR APPLICATION TO LEASE WATER
RIGHTS TO THE WATER SUPPLY BANK
37-363D

****TIME SENSITIVE RESPONSE REQUIRED***

Dear Applicant:

The Department of Water Resources (Department) acknowledges receipt of your Application to Lease water rights to the Water Supply Bank (Bank). A receipt for \$250.00 application fee is enclosed. A preliminary review of your application has found required information was not included with the application.

Item 4.A on the Bank lease application form asks, "Is the diversion works or system owned or managed by an Irrigation District or water delivery company?" You have checked "No", but it appears that the water is being delivered through Irrigation District #45 Canal.

Idaho Administrative Code IDAPA 37-02.03.025 Acquisition of Water Rights for the Board's Water Supply Bank at <http://adminrules.idaho.gov/rules/current/37/0203.pdf> requires the written consent of an irrigation company be submitted with the application for lease. **Please contact Irrigation District #45 and Triangle Irrigation District for written consent and submit it to the department to complete your application.**

Item 4. B- the Department needs a description of the current water diversion and delivery system.

Item 4.C- the Department needs to know if there are any other water rights used for the same purpose at the same place of use as the water right being offered to the Bank.

The application will be returned, unprocessed, if the consent is not received within thirty (30) days from the date of this letter. If you need longer than 30 days or have questions regarding this matter, please contact me at 287-4942.

Sincerely,

Jean Hersley
