1. The Board is authorized under chapter 17, title 42, Idaho Code to operate a water supply bank and to contract with lessors to act as an intermediary in facilitating the rental of water.
2. The Lessor has filed a completed application to lease water rights described below into the Water Supply Bank on forms supplied by the Idaho Department of Water Resources and received by the Department on November 01, 2021.
3. The Director of the Idaho Department of Water Resources has reviewed the application for compliance with the Water Supply Bank rules and has approved the Lease subject to conditions listed below.

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **WATER RIGHTS:** The Lessor shall lease and the Board shall accept into the Bank the Applicant's water rights described as follows:

Minimum Payment Acceptable: Current Rental Rate

3. **TERM OF LEASE:** The term of this lease shall be January 1, 2022 to December 31, 2022. This Lease shall bind the parties and take effect when both parties have signed it.

5. **CHANGE OF WATER RIGHT:** This lease specifies water right elements including but not limited to: diversion rates; diversion volumes; number of acres authorized to be irrigated; places of use; points of diversion; beneficial uses; and seasons of use. During the term of this lease, if a water right is administratively changed due to a water right split and renumbering, this lease may be reduced by an equal amount to reflect the water right elements as legally defined under the water right. 8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Right Nos. 21-7564, 21-13201 and 21-13202 are also diverted through points of diversion described above.
13. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 100.

Please sign both original Lease Contracts and return them to the Department within ten (10) days of this letter to complete processing. The Lease Contract is not considered final until both you and the Department have signed.

If the signed lease contracts are not received by the Department within the 10-day period, the lease application will be returned, and the application fee will not be refunded. You can reapply to lease the water right in the future by submitting new application form along with applicable fees.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form. This and other water right forms are available from the Department's web site at www.idwr.idaho.gov.

If you have questions regarding this matter, please contact this office at 287-4800.

Sincerely,

Water Supply Bank

Dear Applicant:

The Department of Water Resources has completed its review of your application to lease the above-mentioned water right to the Water Supply Bank. **I have enclosed two original Water Supply Bank Lease Contracts for your review and signature. Please sign and return ALL Lease Contracts within 14 days.** Upon signature and return of the contracts, the Department will also sign the original contracts and return an executed copy to you. The Lease Contract is not considered final until you and the Department have both signed.

The right will automatically be released from the Bank on **December 31, 2022**, unless the right is released earlier by the Board, or upon your request. To release the right from the Bank prior to the release date, submit a written request on the Request to Release a Water Right from the Bank form. 13			Narrative: The Department received this application on November 1, 2021. The application states this is for the 2021 season however the cover letter says 2022. The Department received an application for the 2021 season in March of this year. The application was signed by Unit 1, LLC attorney, Robert L. Harris. The entire right is being offered to the Bank. This right was decreed in 2011. An extension of time to avoid forfeiture was requested in 2015 and approved through April 1, 2021. The ownership was changed to Juniper View in November of 2015. They placed this right in the Bank after the extension time expired in 2021. There are no overlapping rights. Aerial imagery suggests no irrigation has taken place since the decree was issued. This right is currently within WD 100.

Re: Applications to Lease a Water Right to the Water Supply Bank for WR Nos. 21-7046 and 21-13201.

Dear Reviewing Agent:

Enclosed for processing are *Applications to Lease a Water Right to the Water Supply Bank* for WR Nos. 21-7046 and 21-13201 submitted on behalf of Juniper View LLC and Unit 1 LLC, respectively. Also enclosed is a *Special Power of Attorney for Water Rights* designating myself as an agent to act on behalf of Juniper View LLC and Unit 1 LLC on these applications. We have also included a check in the amount of \$500.00 for the necessary filing fees.

As described in the applications themselves, this water right received an extension of time to avoid forfeiture up through April 1, 2021 and was placed in the Water Supply Bank in 2021. The water rights owners have elected to place these water rights in the Water Supply Bank for another year.

We appreciate your attention to this matter. Please let me know if you have any questions or concerns.

Best regards,

Robert L. Harris
