RE: RETURNED APPLICATION(S) TO LEASE WATER RIGHT NO(S). 22-13628 & 22-13630 TO THE WATER SUPPLY BANK

Dear Applicant:

The Department of Water Resources (Department) has completed its review of your application(s) to lease water right(s) to the Water Supply Bank (Bank). Based on that review, the Department cannot accept water right(s) 22-13628 & 22-13630 into the Bank. We are returning your applications.

This letter is notice that the attached applications to lease water to the Bank is being returned. The Bank rules provide criteria to be considered when determining whether to accept a water right into the Bank. Water Supply Bank rule 25 (also known as IDAPA 37.02.03.025) requires the Department to evaluate whether the water right has been lost through abandonment or forfeiture as defined by Section 42-222(2), Idaho Code. Section 42-222(2) states, in part, "All rights to the use of water acquired under this chapter or otherwise shall be lost and forfeited by a failure for the term of five (5) years to apply it to beneficial use for which it was appropriated.

A review of the aerial photography between 2008, when the rights were partially decreed in the Snake River Basin Adjudication and 2013 when the rights were placed in the Bank, then again from 2016 to 2020 when the rights were not protected, shows no evidence of irrigation on the acres proposed to be leased to the Bank. That is a total of 9 years of apparent non-use. The forfeiture toll period does not reset after the rights were placed in the Bank.

An email was sent to your consultant, Kristen Moore of Rocky Mountain Environmental on October 22, 2021, giving a 30-day deadline. A follow up letter was sent to you and your consultant on December 28, 2021, requesting evidence that beneficial use has occurred. As of the date of this letter, no response has been received. Department resources were expended to provide a full review of the applications; therefore, the lease application filing fees will not be refunded.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form. This and other water right forms are available from the Department's web site at www.idwr.idaho.gov.

If you have any questions, please contact this office at (208) 287-4800.

Sincerely,

Jean Hersley

RE: WSB Lease Applications for Water Rights 22-13628 & 22-13630

Dear Water Right Holder:

On August 30, 2021, the Department of Water Resources (Department) received application(s) to lease water right(s) 22-13628 & 22-13630 to the Water Supply Bank (Bank) you submitted on behalf of Targhee Hill Estates Water Co. Water Supply Bank Rule 25 (also known as IDAPA 37.02.03.025) requires the Department to evaluate whether the water right has been lost through abandonment or forfeiture as defined by Section 42-222(2), Idaho Code. Section 42-222(2) states, in part, "All rights to the use of water acquired under this chapter or otherwise shall be lost and forfeited by a failure for the term of five (5) years to apply it to the beneficial use for which it was appropriated."

A review of aerial photography between 2008 when the right was partially decreed in the Snake River Basin Adjudication and 2013 when the rights were placed in the Bank, then from 2016 to 2020 when the rights were not protected shows no evidence of irrigation on the acres proposed to be leased to the Bank. That is a total of 9 years of apparent nonuse. The forfeiture toll period does not reset after the rights were placed in the Bank.

An email was sent to your consultant, Kristen Moore of Rocky Mountain Environmental on October 22, 2021, requesting evidence that beneficial use has occurred. The Department gave a 30-day deadline. As of the date of this letter, no response has been received.

Because of this evidence of more than five years of non-use, the requirements of Water Supply Bank Rule 25 cannot be met, and the lease application(s) may be **returned**. If you can provide additional information to show beneficial use has occurred, please submit the additional information within **14 days** and the Department will continue processing the applications. If you cannot provide the additional information, the Department will return the applications. Department resources were expended to provide a full review of the applications. Therefore, the lease application filing fee will not be refunded.

If you have any questions regarding this matter, please contact the Department of (208) 287-4800. Thank you.
