Mr. and Mrs. Kovalchuck:

Please give me call at (208) 762.2816 concerning your Application For Permit.

A couple of corrections are required on your Application for Permit to draw water from the Pend Oreille River before we can proceed to publication of legal notices . Please refer to the e-mail attachemnts which include a highlighted Pg.1 of your Application, a copy of Pg. 1 on which to make corrections, a topographic map showing the official name and location for the Pend Oreille River, and a zoomed-in Goegraphic Information System (GIS) image shwoing the legal description for your property.

We are required to use the names on U.S. Geological Survey topographic maps for Water Rights. The attached topo map shows the water West of the long bridge, from which you will be pumping, as being the Pend Oreille River instead of the Lake. The Pend Oreille River is tributary to the Columbia River. Please use the attached copy of page 1 to write in these changes as shown on the highlighted Page 1, initial and date, and return the corrected page 1 to my attention at the IDWR address shown below. Please indicate your approval to substitute the zoomed in GIS image, which has easier to read legal description abbreviations and lines, instead of your original image.

Thanks,

Shaun Maxey
