Re: Change in Water Right Ownership: 37-20374 (Split into 37-20374 and 37-23367),

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9909.

Sincerely,

Jim Bitzenburg

Re: Change in Ownership for Water Right No(s): 37-13068, 37-13069, 37-23246 and 37-20374
Assignment of Permit No. 37-23161

Dear Mr. & Mrs. Moore:

I appreciate you taking the time to discuss your property and water rights with me. The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records for water right no(s). 37-13068, 37-13069 and 37-23246, and has enclosed a computer-generated report for your records. You will see that attorney James Speck has been copied on this letter, as he is listed as the attorney of record on water right no(s). 37-13068 & 37-13069. Mr. Speck can be removed as attorney of record on these water rights with written authorization from either you or Mr. Speck.

Per our conversation earlier this week, it was confirmed that you only acquired a portion of water right no. 37-20374; therefore resulting in splitting the water right. I have outline what the department will need in order to complete this process.

- The necessary fees for splitting a water right are \$100.00. We received \$25.00 on March 8, 2021, which submitted with the Change in Ownership for the above referenced water rights.
- The Department also received a Change in Ownership and a \$25.00 filing fee from you on March 29, 2021 for water right no. 37-23246. This is a duplicate filing, as this water right was included on the Notice received March 8, 2021. Those fees will be applied to the split fees associated with 37-20374; therefore leaving a balance due of \$50.00.

Please submit the remaining \$50.00 at your earliest convenience and we can move forward with completing the Change in Ownership process.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Change in Ownership, Moore Family Trust

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9908.

Sincerely,

Denise Maline
