Re: Permit Application and Applications for Transfer of Rights 22-7077, 22-7257, 22-7363

Dear IDWR,

Enclosed please find three associated Applications for Transfer and one Application for Permit filed on behalf of TRRE Holding Company, LLC and Teton Ridge Ranch LLC, sister companies, along with a check for the filing fees of \$1,575. An accounting of the fees by application is listed below:

1. Transfer App. – TRRE Holding Company LLC – T7N R45E Sec 15, 16, 22
 - a. Transfer Fee \$200
 - b. Change in Nature of Use \$250
 - c. Ownership Change \$75
2. Permit App. – TRRE Holding Company LLC – T6N R45E Sec 24
 - a. Permit Fee \$100
3. Transfer App. – TRRE Holding Company LLC – T6N R45E Sec 24
 - a. Transfer Fee \$200
4. Transfer App. – Teton Ridge Ranch LLC - T6N R46E Sec 18
 - a. Transfer Fee \$500
 - b. Change in Nature of Use \$250

These applications are associated through the transfer of the same water right from property owned by the applicants. Transfer 1 listed above relates to the original place of use of the water rights. This transfer proposes to reconfigure the acres to clean up the described acres and to allow for irrigation of areas that were not included in the original place of use. The application also proposes to retire 1.2 acres of the original place of use of 22-7077 for the maintenance of an existing pond on the property. There are three water rights relative to the place of use described in Transfer 1. All three rights will be updated per Transfer 1.

The other two transfer applications propose to relocated 1.2 acres and 13 acres of water right 22-7363 only for use on other properties. Overall, the total acres irrigated at the original place of use of 22-7363 will be reduced by 14.2 acres by these two transfers.

A table is attached showing the total changes all three applications will make to water rights 22-7077, 22-7257, and 22-7363 upon approval.

Shapefiles and/or original spreadsheets can be provided upon request.

As shown on the applications, we are listed as the Applicant's representative, and we request any and all correspondence relating to these applications be directed to this office.

We appreciate your kind attention to this matter, and are happy to answer any questions you may have.

Thank you,

Kristin Moore

It appears we omitted the development period on the application. Since these homes are already in place and using water, please assume 1 year for the development period on the permit application.

For the transfer application, I have corrected the season of use. There is no intent to irrigate beyond the original season of use.

Kristin,

I noticed one more thing on transfer #2. The current season of use is 4/15 to 10/15. The proposed season shown on page 3 is 4/1 to 10/31. Is the applicant seeking a change in period of use? If not, please send me a new page 3 and I will switch it out.

Good morning, Kristin.

Just finished looking over these applications and wanted to bring a few things to your attention.

1. On the application for permit, item #13 is blank.
2. On transfer #1, it looks like the total authorized amounts shown in B.1. (page 3) are incorrect, and the place of use for recreation storage is missing. If you send me a replacement page 3, I will switch it out.
3. Transfer #3 shows a point of redirection on page 3. Is there a reason you did not include a point of injection? Including it would add clarity. I also wondered if 4/15 to 10/15 was the season intended for irrigation storage.

Also, could you send me the shapes for these 4 applications? Feel free to call if you want to discuss. Thanks.
