Thanks for sending me the copy of the Quit Claim Deed. I reviewed your Application, Black and White Map, and the Deed after our phone conversation.

I have prepared a new draft Application and color map for your use to correct errors in the original Application. Your original Application is unacceptable for filing because of an error on Page 2 regarding the Place of Use legal description and because the filing fee is \$100 instead of the \$75 you paid.

Please phone me at (208) 762.2816 about the typed Draft Application. I have a couple of brief questions for you about the black and white map and trustees. The two of you can sign the typed Application and return it via U.S. mail with the additional \$25 to IDWR if you agree with the Draft. We have to have your original signatures but not those of the other trustees.

Thanks,

Shaun Maxey

RE: Clark Fork-Pend Oreille River Basin Adjudication Claim Violation of the Mandatory Permit Statute

Dear Claimants:

The Idaho Department of Water Resources (IDWR) is currently in the process of reviewing adjudication claims in your area. Initial review of your claim indicates the priority date claimed is in violation of the Mandatory Permit Statute for the water source and purpose of use claimed.

The permit system for establishing a water right became mandatory for uses developed from surface water after May 20, 1971 (except for watering stock directly from streams).

The priority date claimed indicates that use of water for the purposes claimed began after May 20, 1971, for surface water. Because a water right was not previously established under the permit system, an "Application for Permit" form should be filed instead of this claim. The adjudication claim fee you paid can be applied to the fee for the application for permit.

For your convenience, I am enclosing an Application for Permit form. Please do not hesitate to contact this office if you have any questions or concerns.

Sincerely,

Dawn R. Lenon
