Request to Reinstate a Permit Lapsed more than Sixty Days

Statements of Completion for Submitting Proof of Beneficial Use submitted more than sixty (60) days after mailing of a lapsed permit notice must be accompanied by a Beneficial Use Field Report prepared by a certified water right examiner as the result of an examination to clearly confirm and establish the extent of the beneficial use of water established in connection with the permit during the time authorized by the permit and any extensions of time previously approved, a statement of reasonable cause for filing late proof of beneficial use, and a reinstatement application fee of \$250 per§ 42-218a(2), Idaho Code.

Statement of reasonable cause for filing a late proof of beneficial use:

THH LLC recently acquired Moose Creek Ranch. Prior to the purchase of the ranch, it was discovered that the
prior owner did not file a claim in the Snake River Basin Adjudication for the use described in Permit No.
22-14375. The existing use is the reason only a one-year development period was sought with this permit.
THH's representative either did not receive or misplaced the lapse notice, and only recently discovered that
proof of beneficial use was not submitted. THH promptly hired a licensed field examiner to perform the field
exam, which is attached. THH has not made any changes to the developed pond since its purchase of the
property, as the stockwater system has been in place for many years.

Required items:

- ☒ Statement of Completion for Submitting Proof of Beneficial Use
- ☒ Beneficial Use Field Report
- ☒ Reinstatement application fee of \$250

The information contained in this statement is true to the best of my knowledge. I understand that should the department reinstate my permit that the priority date will be advanced to the day that proof of beneficial use was received.
