

**STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES**

**TRANSFER OF WATER RIGHT
TRANSFER NO. 85561**

This is to certify that: **PERFORMIX NUTRITION SYSTEMS LLC**
2201 N 20TH ST
NAMPA, ID 83687

has requested a change to the water right(s) listed below. This change in water right(s) is authorized pursuant to the provisions of Section 42-222, Idaho Code. A summary of the changes is also listed below. The authorized change for each affected water right, including conditions of approval, is shown on the following pages of this document.

Summary of Water Rights Before the Proposed Changes

<u>Water Right</u>	<u>Origin/Basis</u>	<u>Priority Date</u>	<u>Diversion Rate</u>	<u>Diversion Volume</u>	<u>Acre Limit</u>	<u>Total Acres</u>	<u>Source</u>

Re: Transfer No: 85561
Water Right No(s): 35-2122, 35-7417

Transfer Approval Notice

Dear Water Right Holder and other Interested Persons:

The Department of Water Resources has issued the enclosed approved Transfer of Water Right(s). Please be sure to thoroughly review the conditions of approval and remarks listed on the approval document.

The Transfer of Water Right(s) is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless the APPLICANT petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

ANY PERSON aggrieved by any decision, determination, order or action of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Department and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

If the transfer approval includes a condition requiring measuring and recording devices, such devices shall comply with specifications established by the Department. Detailed specifications are available on the Department's home page on the Internet, or you can request a copy by contacting any office of the Department. Please be sure to thoroughly review the specifications to avoid unnecessary costs for reinstallation or modification due to non-conforming or improperly installed devices.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at (208) 736-3033.

Sincerely,

Corey Skinner
Southern Regional Manager

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: January 10, 2022
To: Transfer 85561
From: Bill Mills
Re: Evaluation of Sufficiency Memorandum

Application proposes changing the nature of use, period of use, point of diversion (POD) and place of use (POU) for 10 acres from two combined irrigation ground water rights diverted from two wells. Current PODs and POU are on a farm that is generally located 11.9 to 13.1 miles west and 2.4 to 2.9 miles south of the intersection of W Judicial St and Main St in Blackfoot. The proposed change in nature of use and period of use is from irrigation to year-round commercial use at the Performix Nutrition Systems' Rupert facility located approximately 1.7 to 2.0 miles west and 0.2 to 0.3 miles south of the intersection of Oneida St and F St in Rupert. An existing well at the facility will be used to divert up to 0.15 cfs and 24.8 acre-feet per year.

The change in nature of use analysis from irrigation to industrial use examined acre to volume conversion utilizing the METRIC analysis tool on the Department's website. The results indicated an acceptable CIR (crop irrigation requirement) of 2.48 af/ac should be utilized for the change in nature of use conversion from irrigation to commercial use.

Both the current farm and the proposed transfer location are located within the ESPA model boundary. The provided model analysis was performed utilizing a higher volume of 31.8 acre feet because the original transfer application based the nature of use conversion on the METRIC ET data and not the CIR data. The transfer application was returned to the applicant's representative. When the updated transfer application was resubmitted, the ESPA modeling hadn't been updated with the new transfer application. However, the modeling indicated that transferring that volume from the Blackfoot area to Rupert would not require mitigation. Running the model in office indicated no mitigation would be required, and as such the modeling results were acceptable.

The water rights are currently located in Water District 120 and the transfer proposes moving them to property located in Water District 130. Watermaster comments were solicited from both water districts. The Watermaster for Water District 120 indicated that approximately 5.2 acres of water rights 35-2122 and 35-7417 may be combined with shares from the Aberdeen Springfield Canal Company (ASCC) and opposes approval of this transfer "if the intent is to unstack the portions of the water rights that overlap" these shares. These rights were leased to the Water Supply Bank (WSB) in 2019 and 2020, so they are currently protected from forfeiture. The POU for these rights does not appear to have been irrigated since at least 2017 in aerial imagery. If these rights did overlap with ASCC shares at one time, those shares aren't currently being utilized on the grounds associated with the POU for these rights. As such, these rights do not appear to be "stacked" with ASCC shares. I recommend approving this transfer as proposed based on the WSB leases and the apparent lack of any irrigation at the current POU.

The Watermaster for Water District 130 did not oppose approval of this transfer provided the owners install a measuring device and report to Water District 130. I have placed condition R43

on the water rights which requires a measuring device and lockable controlling works. I have also placed condition R05 on the water rights, indicating these water rights will be regulated by the watermaster of Water District 130.

- **Authority to File:** According to IDWR records the Applicant is the current owner of the property the water rights are proposed to be transferred to. An agreement for purchase and sale of water rights was submitted with the application indicating the applicants will file for change of ownership of the water rights after the transfer is approved.
- **Water Right Validity:** Water rights 35-2122 & 35-7417 were decreed in the SRBA on 2/15/2002. Both water rights were leased to the water supply bank in 2020.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
There is a decrease in volume as a result of the change in nature of use process which precludes potential enlargement of the changed portion of the water right.
- **Local Public Interest:**
No issues anticipated.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated.
- **Effect on Agricultural Base of the Local Economy:**
None Anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing

RETURN TO SENDER
: IDAHO WATER COMPANY
1079 ELKHORN CIR N
TWIN FALLS ID 83301-8355

RETURN TO SENDER

Returned mail associated with Transfer #85561 (35-2122, etc.)

Advertising Acknowledgement Letter mailed 12/8/2021

Per phone conversation with Del Kohtz 12/14/2021 – PO Box above is his son's old address and was put on the transfer application mistakenly.

** Forwarding address above is for Del's son – not Del.

Del asked that we use his address in Eden: 1135 Valley Rd S.

Advertising acknowledgement letter was mailed again 12/15/2021.
