MEMORANDUM

To: Water Right Application 97-7617

From: Adam Frederick *AF*

Date: 1/18/2022

Re: Application for a Permit to Appropriate Water within the State of Idaho.

An application for permit was received on December 8, 2021, in the name of John Holzer. The application was complete, but the season of use identified was 6/1 to 10/31. Because our standard season of use in that area is 4/1 to 10/31, the season of use will be changed prior to advertising to properly show the correct season of use.

It was also found that the tributary was misidentified which the application shows the Pend Oreille River is tributary to Pend Oreille Lake. The source of the water is identified correctly as the Pend Oreille River and data enter corrections will be done to properly show the correct tributary of Columbia River.
