Dear Applicant,

On November 29, 2021, we received your application to change the place of use of water right no. 22-13808. On December 10, 2021 we requested additional information needed to continue processing the transfer. As of the date of this letter, the additional information has not been received.

We understand that you may need more time to gather the requested information. Therefore, we are returning your application and filing fees. Once you have the necessary documentation, you may resubmit the application at that time.

Your refund will be sent separately from our Boise office. Please feel free to call if you have questions.

Respectfully,

Michael Holliday

Dear Applicant,

We recently received your application to change the place of use of water right no. 22-13808. We need additional information in order to continue processing the transfer.

The current ownership of the water right is based on a deed recorded in Teton County on August 15, 2006. Teton County parcel data indicate that some parcels within the current water right place of use no longer belong to Ironwood Land LLC. Please provide evidence that water right 22-13808 was not included in the sale of those parcels. For those parcels within the proposed place of use but outside the current place of use, please provide evidence authorizing the proposed change on behalf of those parcel owners.

On page 4 of the application you indicated that to your knowledge no portion of water right 22-13808 has undergone a period of five or more consecutive years of non-use. Please provide us with evidence of the water use after 2008 or a valid defense to forfeiture of the water right.

If we do not receive the requested information within 30 days, we will return your application unprocessed and the water right will not be changed. If you have any questions regarding this matter, please feel free to contact me at (208)525-7161.

Respectfully,

Michael Holliday
Water Rights Supervisor
