**CONDITIONS OF APPROVAL**

1. Construction of a replacement well at the location of an existing point of diversion is not authorized unless the water right holder: (1) limits the diversion flow rate from the replacement well to the flow rate authorized by the water rights for the existing well prior to the approval of Transfer 72881 or (2) obtains approval for the replacement well through an application for transfer.
2. Diversion and use of water under this right from the additional wells authorized under Transfer 72881, located in NWSW, Sec 34, T02N, R38E and NENW, Sec 25, T02N, R38E, shall be subordinate to all ground water rights existing within the immediate area prior to April 23, 2008 upon determination of injury due to local well interference. The water rights included in Transfer 72881 retain their respective priority dates relative to all other actions to distribute water.
3. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.

Transfer No. 85467

**WATER RIGHT NO. 25-4297**  
**As Modified by Transfer No. 85467**

**CONDITIONS OF APPROVAL**

4. Prior to diversion and use of water under Transfer approval 85467, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion, in accordance with Department specifications.
5. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
6. Place of use is within the service area of the City of Ammon municipal water supply system as provided for under Idaho Law.
7. A map generally depicting the service area for this water right at the time of this approval is attached to this document for illustrative purposes.
8. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
9. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
10. Pursuant to Idaho Code § 42-1412(6), this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.

**CONDITIONS OF APPROVAL**

1. Municipal use is for irrigation of 37.8 acres within the authorized place of use in a single irrigation season.
2. Construction of a replacement well at the location of an existing point of diversion is not authorized unless the water right holder: (1) limits the diversion flow rate from the replacement well to the flow rate authorized by the water rights for the existing well prior to the approval of Transfer 72881 or (2) obtains approval for the replacement well through an application for transfer.
3. Diversion and use of water under this right from the additional wells authorized under Transfer 72881, located in NWSW, Sec 34, T02N, R38E and NENW, Sec 25, T02N, R38E, shall be subordinate to all ground water rights existing within the immediate area prior to April 23, 2008 upon determination of injury due to local well interference. The water rights included in Transfer 72881 retain their respective priority dates relative to all other actions to distribute water.
4. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.

Transfer No. 85467

**WATER RIGHT NO. 25-14333**  
**As Modified by Transfer No. 85467**

**CONDITIONS OF APPROVAL**

5. Prior to diversion and use of water under Transfer approval 85467, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion, in accordance with Department specifications.
6. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
7. Place of use is within the service area of the City of Ammon municipal water supply system as provided for under Idaho Law.
8. A map generally depicting the service area for this water right at the time of this approval is attached to this document for illustrative purposes.
9. This right does not grant any right-of-way or easement across the land of another.
10. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
11. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
12. Pursuant to Idaho Code § 42-1412(6), this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.

1. Municipal use is for irrigation of 10.4 acres within the authorized place of use in a single irrigation season.
2. Rights 25-14405 and 25-14406 when combined shall not exceed a total diversion rate of 0.21 cfs, a total annual maximum diversion volume of 64 af at the field headgate, and the irrigation of 16 acres.
3. Construction of a replacement well at the location of an existing point of diversion is not authorized unless the water right holder: (1) limits the diversion flow rate from the replacement well to the flow rate authorized by the water rights for the existing well prior to the approval of Transfer 72881 or (2) obtains approval for the replacement well through an application for transfer.
4. Diversion and use of water under this right from the additional wells authorized under Transfer 72881, located in NWSW, Sec 34, T02N, R38E and NENW, Sec 25, T02N, R38E, shall be subordinate to all ground water rights existing within the immediate area prior to April 23, 2008 upon determination of injury due to local well interference. The water rights included in Transfer 72881 retain their respective priority dates relative to all other actions to distribute water.

**WATER RIGHT NO. 25-14405**  
**As Modified by Transfer No. 85467**

**CONDITIONS OF APPROVAL**

5. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.
6. Prior to diversion and use of water under Transfer approval 85467, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion, in accordance with Department specifications.
7. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
8. Place of use is within the service area of the City of Ammon municipal water supply system as provided for under Idaho Law.
9. A map generally depicting the service area for this water right at the time of this approval is attached to this document for illustrative purposes.
10. This right does not grant any right-of-way or easement across the land of another.
11. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
12. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
13. Pursuant to Idaho Code § 42-1412(6), this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.

**WATER RIGHT NO. 25-14406**  
**As Modified by Transfer No. 85467**

In accordance with the approval of Transfer No. 85467, Water Right No. 25-14406 is now described as follows:

**Right Holder:** CITY OF AMMON  
2135 S AMMON RD  
AMMON, ID 83406-6855

**CONDITIONS OF APPROVAL**

1. Construction of a replacement well at the location of an existing point of diversion is not authorized unless the water right holder: (1) limits the diversion flow rate from the replacement well to the flow rate authorized by the water rights for the existing well prior to the approval of Transfer 72881 or (2) obtains approval for the replacement well through an application for transfer.
2. Diversion and use of water under this right from the additional wells authorized under Transfer 72881, located in NWSW, Sec 34, T02N, R38E and NENW, Sec 25, T02N, R38E, shall be subordinate to all ground water rights existing within the immediate area prior to April 23, 2008 upon determination of injury due to local well interference. The water rights included in Transfer 72881 retain their respective priority dates relative to all other actions to distribute water.
3. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.

Transfer No. 85467

**WATER RIGHT NO. 25-7168**  
**As Modified by Transfer No. 85467**

**CONDITIONS OF APPROVAL**

4. Prior to diversion and use of water under Transfer approval 85467, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion, in accordance with Department specifications.
5. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized point(s) of diversion in accordance with Department specifications.
6. Place of use is within the service area of the City of Ammon municipal water supply system as provided for under Idaho Law.
7. A map generally depicting the service area for this water right at the time of this approval is attached to this document for illustrative purposes.
8. This right does not grant any right-of-way or easement across the land of another.
9. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
10. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
11. Pursuant to Idaho Code § 42-1412(6), this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.

**Transfer Approval Notice**

Dear Water Right Holder:

The Department of Water Resources has issued the enclosed approved Transfer of Water Right(s). Please be sure to thoroughly review the conditions of approval and remarks listed on the approval document.

The Transfer of Water Right(s) is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless the APPLICANT petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

ANY PERSON aggrieved by any decision, determination, order or action of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Department and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

If the transfer approval includes a condition requiring measuring and recording devices, such devices shall comply with specifications established by the Department. Detailed specifications are available on the Department's home page on the Internet, or you can request a copy by contacting any office of the Department. Please be sure to thoroughly review the specifications to avoid unnecessary costs for reinstallation or modification due to non-conforming or improperly installed devices.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at (208) 525-7161.

Sincerely,

Christina Henman  
Administrative Assistant

## **EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER**

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

### **PETITION FOR RECONSIDERATION**

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

### **EXCEPTIONS AND BRIEFS**

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

### **REQUEST FOR HEARING**

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

### **ORAL ARGUMENT**

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

### **CERTIFICATE OF SERVICE**

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

### **FINAL ORDER**

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

### **APPEAL OF FINAL ORDER TO DISTRICT COURT**

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.
