Addendum to:

Apple Orchard Subdivision Well # 2

Minutes of Oct 24, 2018

11-28-19 Phone call from president, Alexis Myler, to Blaze Solomon, the water associations water well service man.

Purpose of call.

- 1- We need in writing, his estimate breakdown of new proposal variable speed water system:
Pump, tank, motor, panels, etc.
And proposed cost for up keep and repairs need to know the life expectancy of the new proposed system, plus labor.

Indicate4d to him that both Lane Avery and Michael England will be getting bids for proposed system also. (Since phone conversation, Blaze has submitted his own written estimate)

- 2- WE NEED INFORMATION ON OUR PRESENT SYSTEM

Estimate Repair

Pump_____

(2019)

Tanks \$500 ea.

Next summers re4pairs to cost about \$1500 including Labor (per phone conversation 11-28-19)

Motor- minimal

Panel- minimal

Blaze did suggest that if we don't stay with old system, don't purchase new tanks!

In addition, Blaze corrected me concerning the suggestion that I thought he made, by saying that, by replacing the two new tanks this coming summer he thought it might help Barta's water pressure problem. Blaze indicated to me that he did not say that.

He did repeat again, however, what he said to Barta last September, and that it would be best for Barta to put in his own house a buster pump, like the Mylers did.

He also said that Barta could have a blockage somewhere in his line or house that has changed his pressure. Blaze said it was not an Association Problem, and said again, that Bartas probable best fix was to put in a buster pump in his house. Adequate pressure is measured coming from the well.

looking at the present time.

Also, it was unanimously approved that no Pasture watering be allowed from usage of our domestic well (Apple Orchard Subdivision, Well #2). It cannot sustain it without problems!

We are presently looking into the legality of this problem with the State of Idaho Water Resource Board.

Hoping you all have a wonderful Holiday Season, and looking forward to a great New Year!

Sincerely,

Chris Pfe
