NOTICE: STATEMENT OF COMPLETION DUE

RE: PERMIT NO. 37-21301

IMPORTANT: A response from you is required to maintain the active status of the referenced water right permit. If no response is received from you, the permit will lapse and your authorization to develop and/or use this water right will be cancelled.

Dear Permit Holders:

One condition of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 2019. The Department is required to give you notice that proof of completion is due sixty days prior to the due date. **Since the Department failed to give you notice 60 days prior to the due date, this letter provides you sixty (60) days from the date of this letter to submit a proof statement.**

If you completed your project prior to December 1, 2019, use the enclosed statement of completion form which, when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner, will complete your submittal of the required proof.

If you do not fully complete your project by December 1, 2019, you will need to start over with the process by filing a new application for permit. If you were delayed by a government agency or by litigation that would bring title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. An extension request must be accompanied by a \$50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney. Please contact the Department for more information if you think you may qualify for an extension.

In order to maintain your June 26, 2001 priority date for this permit, either an acceptable proof or an acceptable extension request must be received by this Department **on or before March 19, 2022**. If neither is received, the Department will send you a lapse notice and the permit will no longer be of any force nor effect.

Sincerely,

Debbi Judd
Technical Records Specialist
