RE: Permit No. 65-13463

Dear Mr. & Mrs. Thompson:

I recently received a Notice of Change of Water Right Ownership form on the above referenced permit changing ownership of the permit to you.

In Idaho, a water permit is considered **personal** property and can only be **assigned** by the owner of record, if it is not specifically identified in the warranty deed. Our records identify Charles M. Haid III as owner of the permit. I have enclosed an Assignment of Permit form that you will need the original owner to sign and have it notarized giving you the water rights.

As noted on the form, an assignment of a permit must be accompanied by a \$25.00 filing fee. Please note that new legislation beginning July 1, 1996, requires water right owners to report any change of water right ownership and any change of mailing address to the department. Failure to report these changes could result in a \$100 late filing fee. Please submit the assignment with the filing fee to my attention at the above address.

If you have any questions, please let me know.

Sincerely,

JIM JOHNSON, Manager
Water Rights Permit Section

RE: Permit No. 65-13463

Dear Mr. & Mrs. Thompson:

I recently received an 'Assignment of Permit' form on the above referenced permit assigning the permit to you.

In Idaho, a permit is considered personal property and the assignment form must be signed by the owner of record, Charles Haid III. The assignment submitted was not signed and, therefore, is not acceptable.

As of July 1, 1994, the assignment of a permit must be accompanied by a \$25.00 filing fee. Assignments of permits are not acceptable without filing fees.

I am returning the assignment to you. Please resubmit the signed assignment with the filing fee to my attention at the above address.

If you have any questions, please feel free to contact me directly at (208) 327-7944.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Zimmerman".

Re: Change in Ownership for Water Right No: 65-13463

Dear Water Right Holders:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right to you. The Department has modified its records and has enclosed a computer-generated report for you. It appears that ownership of this right should have updated in 1997. Due to Department error a fee is not required. A refund has been requested made payable to Barker, Rosholt, and Simpson LLP and will arrive under separate cover from the State Controller's Office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4920 or debbi.judd@idwr.idaho.gov.

Sincerely,

Debbi Judd
