RE: Assignment of Permit for Water Right No(s): 65-23020, 65-23025, 65-23030

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Assignment of Permit (Assignment).

Our review of your Assignment indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Notice of Change in Water Right Ownership
- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

The above-referenced water rights are not in the permit stage, and cannot be assigned to a new owner using the Assignment of Permit form. The appropriate form for this request is the Notice of Change in Water Right Ownership, which should be completed and signed by the new owner and submitted with a copy of the new owner's deed to the property and/or water right, or any other legal documentation demonstrating their ownership.

A Notice of Change in Water Right Ownership form is enclosed for your use, as well as a report showing the details of the above-referenced water rights. No additional filing fee is required.

Because the Department cannot process your request without proper documentation, we will hold any action on your Assignment pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your Assignment and all attachments and your Assignment will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 334-2190.

Sincerely,

Lynne Evans
