RE: Application for Permit No. 65-24071

Dear Applicants:

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the STAR NEWS on 12/16/2021 and 12/23/2021. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Lauerman
Administrative Assistant

RE: Application for Permit No. 65-24071

Dear Interested Party:

The Idaho Department of Water Resources (IDWR) is seeking written comment and/or recommendations from your organization regarding the above referenced water right application. You can find a copy of the application at:
<https://idwr.idaho.gov/apps/ExtSearch/WRAJSearch/WRADJSearch.aspx> Please review the application, complete the enclosed recommendation form, and submit it to this office within 21 days of the date of this letter.

IDWR can finish reviewing an unprotested application as soon as the protest period has past. Therefore, your prompt response to this request is appreciated. If your organization desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Lauerman
Administrative Assistant

Re: Water Right Application – Returned for Amendments

Dear Galyn & Nancy Wadsworth,

This office received your application on September 23, 2021. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are amended:

- Quantity was not provided correctly.
- Nature of Proposed Use was not provided correctly.
- Place of Use or acres irrigated was not provided correctly.

Please see **number five** on the application. Where it says **0.06** cross out and re-write next to it **0.04**. Once crossed out please verify the change with **your initials and the date**. In addition, below the domestic purpose please fill in the same information for irrigation. The **purpose** will be IRRIGATION, **season** will be 03/01-11/15, **rate** will be 0.05 and **description** will describe the irrigation system.

Next please amend **number six**. This line currently reads **0.06** cross out and re-write **0.09**. Then verify the change with **your initials and the date**.

On **number eight** you will need to add another description of place of use for irrigation. This will read the same as your domestic description, but it will have **1.5** filled out for the **acres column**. Under your domestic description you will need to **cross out the bottom row**. Your place of use is not actually in that location. Our system had a projection error and added it.

Lastly, if you wish to change the number of years on question 13, please do so now.

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. If you have any questions or concerns, please contact me via the information below.

Sincerely,

Marcelina M. Williams | Water Resource Agent
