Re: Change in Ownership for Water Right No(s): **65-3692**

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

During our review of your submitted documentation, the Department found that water right no. 65-3692 did not need to be split. The water right has been changed to your ownership in its entirety. A refund of \$75 has been requested and will be mailed to Michael and Mary Jane Byrne under separate cover from the Idaho State Controller's Office.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 605-4633.

Sincerely,

Laura McSherry

Re: Change in Water Right Ownership: 65-23323 (Split into 65-23323 and **65-24101**)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

RE: Change in Ownership for Water Right No(s): 65-3692, 65-23323

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

- Filing Fee of \$100 per water right for changes resulting from division of a water right
- Signed Notice of Change in Water Right Ownership form

The Notice form you submitted was signed over a year before it was submitted to the Department, and cannot be accepted. Please complete and sign a new Notice of Change in Water Right Ownership. We are returning your Notice form, and a new form is enclosed for your use.

The \$100 filing fee included with your submitted Notice is insufficient. Split ownership changes have a filing fee of \$100 per water right. Please submit an additional filing fee of \$100 to have both of your requested water rights updated.

Because the Department cannot process the Notice without proper documentation and fees, we will hold any action on your Notice pending receipt of the necessary information and fees. If we do not receive the necessary information and fees within 30 days we will return your Notice and all attachments and your Notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 334-2190.

Sincerely,

Lynne Evans
