Dear Debbie:

The Department is returning the Notice of Change in Water Right Ownership that was filed on July 23, 2021 on behalf of A & M Cattle Company Inc., and Mark and Elena Verdegaa. Per initial review of the paperwork and our conversations that followed; it was noted that we needed further clarification on what was being filed, and what needed to take place in order to complete this process correctly.

The Department later received a Notice of Change in Water Right Ownership from Fish Creek Livestock LLC, for the same water rights,. This filing included all of the necessary documentation and filing fees; therefore, the department processed the Notice and updated the water right records based on this filing. Copies are enclosed for your records.

We are returning the Notice filed by your agency, as it is considered a duplicate filing. Also note, a refund request in the amount of \$125.00 has been submitted for processing and will arrive under separate cover.

Thank you again for your patience and cooperation in getting this resolved. If you have any questions regarding this matter, please contact me at (208) 293-9908.

Sincerely,

Denise Maline

Denise,

We, NWFCS, no longer file Notice of Security Interest in the Water Rights. We just affirm they are in the customers name and are listed in our security agreement/collateral documents. Based on this, if you would just return the check from July 23rd back to me, I will void it. Thank you. If you have any other questions, or concerns, please let me know.

Thank you

Hi Debbie,

I hope all is well with you. I wanted to touch base and let you know that we received a 2nd ownership change for the Fish Creek / A&M Cattle / Nature Conservancy water rights. I believe it coincides with the one you submitted July 23. I'll give you a quick rundown of what I have. Then perhaps next week we can figure what else we might need.

July 23, 2021: IDWR received an ownership change for (7) water rights from NWFCS with a fee of \$125. Total fee should be \$175, therefore \$50 is owed.

August 12, 2021: IDWR received an ownership change for the same (7) water rights from Fish Creek Livestock with the appropriate fees of \$175.

I believe your agency was going to file a Notice of Security Interest for these water rights as well. If so, here is what we can do:

Process the ownership change by using the documents and fees received from Fish Creek Livestock on Aug. 12.

NWFCS can file a corresponding Notice of Security interest, and we can apply the \$125 received on July 23 to this filing. IDWR would only need the form and the additional \$50 filing fee. We already have a copy of the mortgage documents.

Perhaps we can talk about this next week, and we can get it all straightened out. I think we have the bulk of what we need to move forward; however I want to be sure I am following what you are wanting to accomplish.

Have a good weekend,

There were 7 other water rights associated with the Nature Conservancy that should have been transferred from them to A&M Cattle/Fish Creek Livestock. I'm not sure what this one is that you sent. The ones that should have been transferred with this transaction are

37-2195
37-23239
37-23240
37-23241
37-23242
37-23243
37-23244

I've attached the pages of the appraisal that speak to this. This mortgage etc was recorded in November of 2020.

Wait! I have the Deed. It was mistakenly attached to another set of papers. Therefore, if there are other water rights to be changed to Acquistapace – we'll just need that information & the fees.

Hi Debbie,

I just checked our receipts again and the most recent filing we have from NWFCS is from June 7th. It's from Keith & Mary Hunt to Marty & Crystal Acquistapace. Just wanted to let you know that we have in fact received things from you recently; but not the filing you're looking for.
