RE: Change in Ownership Water Right No. 1-7006, 1-7087, 1-10011, 25-7106, 25-10069

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Thank you for responding to our November 17, 2021, letter and submitting a copy of the recorded Warranty Deed. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership/Filing Fee:** It appears the legal description does not cover the entire place of use of the water rights listed above. Please review the map attached showing the place of use of the water right and the property boundary as per our review of your Warranty Deed. If you believe a split is required, an additional filing fee is required. The fee for a split ownership change is \$100.00 per water right, the department received \$125.00 with your original application, however the fee to split 5 water rights would be \$500.00, therefore an additional \$3375.00 is required. If you believe a split is not required, please submit evidence of ownership indicating your ownership in the entire place of use of the water right as described on the map attached.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist

Idaho Department of Water Resources
