Re: Change in Water Right Ownership: 37-409B (Split into 37-409B and 37-23346), 37-368B (Split into 37-368B and 37-23345), 37-2076B (Split into 37-2076B and 37-23347); Name added as 'Current Owner' to right 37-8859

Dear Karin:

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9909.

Sincerely,

Jim Bitzenburg

RE: Water Right No(s): 37-368B, 37-409B, & 37-2076B Change in Ownership

Dear Ms. Schellenberg:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Our review of your Notice indicates that additional information is required before the Department can process the change. The information required is indicated below:

☒ Filing Fee of \$25.00 per water right for changes that do not need to be split.

☐ Filing Fee of \$100.00 per water right for changes that need to be split.

☐ Additional information and corrections to Notice.

During our review of the Notice and documentation you submitted, it appears that water right 37-8859 is also appurtenant to Lot 1 of the Windmills at Soldier Mountain Subdivision. This right has a 'flow-through' component across several of the parcels in the Subdivision, so, instead of splitting the right, we are adding the names of the land owners with ground appurtenant to the right as current owners. This will incur a fee of \$25.00. The other rights you have listed on the Notice are all splits of rights, which have a fee of \$100.00 per right, so the total fee due is \$325.00. You paid \$100.00 with the Notice, so there is a deficiency of \$225.00.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the additional filing fee for your notice will be \$225.00, in order to process the change for the four rights.

Because the Department cannot process the Notice without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees and corrections within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that water right holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 293-9909.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Bitzenburg", with a long, sweeping horizontal stroke extending to the right.
