TRANSFER SYNOPSIS

Date: November 16, 2021
To: Transfer #85446, Creg and Leta Hansen Transfer file
From: Jim Bitzenburg
Re: Summary of transfer

Application for transfer proposes to change the place of use (POU) for a 37.0 acre, 0.73 cfs portion of ground water irrigation right 37-7621F which currently irrigates 129.0 acres of ground located approximately 2.0 miles south and 0.2 mile east of the intersection of U.S. Highways 20 and 93 in Carey. The proposed POU will be located approximately 1.4 mile south and 0.3 mile east of Carey. The location of the point of diversion (well) will not change.

The transfer proposes moving supplemental ground water right 37-7621F from land in Section 3, T02S, R21E to land in the same Section. Both the source (transferring from) land and the destination (transferring to) land have Little Wood Irrigation District water. The source land has Little Wood River right 37-1236C, with an April 27, 1894 priority date and a 0.0215 cfs/acre duty of water and the destination land has Little Wood River right 37-21249 with an April 26, 1894 priority date and a duty of water of 0.0232 cfs/acre.

The proposed transfer is in Water District 130 so Watermaster comments will be solicited, and the transfer will be advertised and subject to public scrutiny.

FEE MEMORANDUM

Date: November 16, 2021
To: Creg and Leta Hansen Transfer #85446 File
From: Jim Bitzenburg
Re: Receipting/disposition of fees paid

This transfer was filed on November 10, 2021, and it proposes to change the place of use (POU) of a 37.0 acre portion of water right 37-7621F to a different location approximately 0.5 mile away. The transfer fee is based on the amount of flow rate changing, which is calculated by dividing the acres moving by the entire POU of the right, and multiplying that by the flow rate ($37/129 \times 2.53 = 0.73$ cfs), which equates to a fee of \$500.00 from the transfer fee schedule. The fee was paid at the time of filing with check #5065, issued by C. L. Hansen Farms, Inc., IDWR receipt #S038937.
