Ann,

I spoke with Mr. Whitaker on the phone this morning and he agrees that a status conference on this matter is unnecessary given the Lemhi Settlement discussion. He thought it would be best to leave the next meeting unscheduled, which makes sense given that the other discussion doesn't have a clear timeline. So instead of setting an official status conference I will just check-in with the parties in early January and see if you wish to continue delaying or if you want to move forward with this matter at that time.

Subject: 74-16224 et al. Status Conference

Hello James,

It is my understanding that the larger Lemhi Negotiations have been proceeding and that there is another settlement meeting on that next Thursday. I haven't been directly involved in those discussions, but I believe resolution of Mr. Whittaker's protests to these applications (74-16224 et. al) may be resolved as part of the larger settlement.

Mr. Whittaker likely has more information in that regard than I do. I'll let Mr. Whittaker chime in too, but if he's amenable maybe we should cancel the status conference set for next Tuesday. It might be beneficial to delay the status conference in this matter a couple of weeks as those larger negotiations are still ongoing and seem to be getting some traction.

Thanks,

Ann Vonde
