DEPT OF WATER RESOURCES
SOUTHERN REGION

Print Name of Water Right Owner(s): Heyburn Estates LLC

Mailing Address: 2640 E Barnett Rd # 141 Medford, OR 97504-4301

Phone: (541)535-6317

Note: If you are not listed as the current owner of the water right in the Idaho Department of Water Resources' records, you must include evidence of ownership of the water right (or portion of the water right) with this form. Evidence may include a warranty deed, quitclaim deed, court decree, contract of sale, etc.

I am the current owner of X all, or part of, the water right described in the Idaho Department of Water Resources' records as Water Right No. 36-17185 & 36-4233.

I hereby abandon all, or X part of the water right designated above. This abandonment is intentional and voluntary. I recognize that this abandonment permanently eliminates the right to divert and use water under the water right designated above.

If this abandonment applies to a portion of the water right, please indicate which part is abandoned by describing the diversion rate, annual diversion volume or storage volume, and place of use (include acres if the use is irrigation) and by attaching a detailed map identifying the specific locations.

I wish to abandon the point of diversion of water right 36-17165 described in the NWNE of Section 11 (T10S, R23E) which is locally known as the "gas station" well. I also wish to abandon one of the points of diversion on right 36-4233 leaving just the one well on my property. This will not impact amounts on either right.

Chaz,

As we discussed, please find a form that can be utilized to abandon points of diversion on water right records. I have completed the form for you based on what we discussed on the phone for the rights that are currently in the name of Heyburn Estates LLC. Signing the form before a notary, and returning the signed form to us will accomplish the following...

- Remove the "gas station well" (diversion in the NWNE of Section 11) from the recent license 36-17185 for Heyburn Estates LLC.
- Remove the extra (duplicate) recorded point of diversion/well from the original water right, 36-4233, for Heyburn Estates LLC. This is the record that Benny was going to prepare a transfer application (\$200.00 fee) for you to change this duplicate description to the "gas station well".

This will result in both of the Heyburn Estates water right records only identifying the new well that you drilled on the Heyburn Estates property as an authorized diversion and reduce issues with neighboring properties. As we discussed there are no fees associated with this course of action and will not impact water amounts (rate, volume, etc.) on either of the water rights in the name of Heyburn Estates LLC.

If you have any questions, or want to discuss further, feel free to give me a call.
