RE: Scheduling Field Exam for Water Right Permit No. 98-7850

Dear Thomas Living Trust representative,

Idaho Department of Water Resources (Department) is reaching out to discuss the need for a field exam for permit 98-7850 (Permit). Tax parcel search information shows that Thomas Living Trust is the current owner of parcel No. RP60N01W321810A, with corresponding physical address 1203 Christmas LN, Naples ID 83847. If you have sold the property, please let me know so that I may pursue the most recent owner.

Department staff has been in contact with a prior owner, who identified the property has changed ownership. Regarding the Permit, a field exam to validate hydropower and domestic use on the property is necessary to enable the Permit to be licensed accordingly. If a field exam is not conducted, the permit and associated water usage will be voided for future use. If you are still the current owner of this property, it is in your vested interest to contact me as I work to license the previous owner's Permit. **Please call or email me within 14 days at 208-762-2800 to discuss this water right permit.** If contacting by phone, please reference 'hydropower 98-7850' as the discussion topic.

I appreciate your attention to this matter and I look forward to hearing from you.

Sincerely,

Luke Bates
