The Transfer of Water Right(s) is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless the APPLICANT petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

ANY PERSON aggrieved by any decision, determination, order or action of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Department and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

Detailed specifications are available on the Department's home page on the Internet, or you can request a copy by contacting any office of the Department. Please be sure to thoroughly review the specifications to avoid unnecessary costs for reinstallation or modification due to non-conforming or improperly installed devices.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at (208) 736-3033.

Sincerely,

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Re: Legal Notice Not Required

Legal Notice Not Required
10/14/2021

Pursuant to Section 42-222, Idaho Code, the Department has discretion to provide public notice as deemed appropriate. The water right changes proposed through this transfer application do not appear to change the effect on the original or hydraulically connected water source or affect other water rights. Therefore, staff review of the transfer application found no cause to require public notice. This application will continue processing without advertisement and be forwarded for approval consideration.

Transfer only changes POU of contiguous lands.

MEMORANDUM

Date: October 14, 2021
To: Transfer #85348, Douglas Mathers; Mathers Ranch, Inc. file
From: Jim Bitzenburg
Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to change the place of use (POU) for McMullen Creek irrigation rights 47-2279 and 47-2298 (2.0 cfs combined diversion rate) which currently irrigate 100.0 acres of ground located approximately 6.3 miles south and 0.2 mile west of the intersection of Center Street and Main Street in Kimberly. The proposed POU will modify the existing POU to reflect changes in the irrigation system.

The transfer is in Water District 470, but is not administrated by the water district, so Watermaster comments were not solicited. Advertising was not necessary because the transfer will only change the POU of land contiguous to the present POU.

- **Authority to File:**
The Department's database indicates that water rights 47-2279 and 47-2298 are owned by the applicants, Douglas Mathers and Mathers Ranch, Inc. The application was signed by Douglas Mathers, who is the president of Mathers Ranch, Inc., and by Lottie Mathers, the secretary of the corporation. The most recent Idaho Corporation Annual Report Form is included in the transfer paperwork.
- **Water Right Validity:**
The water rights were decreed in the SRBA in 2010, and ample irrigation is evident at the current POU, so forfeiture is likely not an issue.
- **Injury to Other Water Rights:**
None anticipated or foreseen. The POD is not moving and there is no increase in volume or acres.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No issues anticipated.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated
- **Effect of the Agricultural Base of the Area:**
None Anticipated

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

This transfer was filed on October 13, 2021, and its purpose is to change the place of use of two irrigation rights diverted out of McMullen Creek. The number of acres of the POU that are changing is 43.4, which equates to a flow rate of 0.81 cfs, so from the transfer fee schedule, a \$500.00 fee is applicable. The fee was paid by check #7265 from Mathers Ranch, Inc. at the time of filing. The IDWR receipt number is S038872.

Re: Water right transfer application

Dear Doug:

Enclosed is the *Application for Transfer* that you and Corey Skinner worked on last week. Please review the application carefully and don't hesitate to give me a call if you have any questions or concerns. You do not need to complete page 1, but on page 2 you will need to sign and date the application, both for you, and for Mathers Ranch, Inc. as a co-applicant. Pages 4 and 5 show the two water rights as they will appear after the transfer; the only items changing are the acres in the place of use chart. On page 6, you will find a number of questions that need answered, and if you need assistance with them, give me a call and we can work through them.

Pages 7 and 8 show the two rights as they now appear. You don't need to complete anything on page 9, and the map of the proposed place of use is shown as Attachment 7b at the end of the paperwork.

We calculate the fee based on the amount of acres changing as a percentage of the whole, then multiply that by the flow rate of the two rights. Based on the acres changing I calculated the flow rate changing to be 0.81 cfs, which translates into a fee of \$500.00 from our transfer fee schedule.

After you have reviewed, signed, and completed the application, please return the application and fee to our office at the above address and let me know if you have any questions. The direct line to my office is 208-293-9909. Thank you for your help.

Sincerely,

Jim Bitzenburg
Senior Water Resource Agent
